Summary

I'm a full-stack web developer with a strong focus on front-end design and user experience. I can handle both the server and client sides, but my real strength is creating clean, engaging interfaces that are easy to use and nice to look at. I love turning complex ideas into smooth, interactive websites by paying attention to the details that make a design feel balanced, intuitive, and enjoyable.

Education

Suez Canal University (SCU), BE in Computer Engineering Jul 2026
GPA: B-

Summer Training

Full Stack Developer Training — NTI Jul 2025 – Aug 2025
Front End Development Training — ITI June 2025 – Jul 2025
Technical Training Program— Suez Canal Authorities Aug 2024 - Sep 2024

Courses

React Web Development — Depi Dec 2025 – Present
Database (SQL & NoSQL) — self learning Nov 2025 – Present
Back End Development (Node.js & Express.js) — self learning Sep 2025 – Present
Full Stack Developer Training (PHP & Laravel) — NTI Jul 2025 – Aug 2025
Front End Development Training — ITI June 2025 – Jul 2025
Graphic Design – Creativa Hub June 2025 – Jul 2025
Database Management & Linux Operating System— Suez Canal Authorities Aug 2024 - Sep 2024

Volunteering Activities

Presentation Team Member, Enactus – SCU Oct 2023 – May 2024
Worked as part of a team to plan and deliver engaging presentations. Helped organize content, design visuals, and ensure clear communication throughout the presentation. Gained strong teamwork, communication, and organization skills, and learned how to present ideas confidently and effectively to an audience.

Certifications

Full Stack Developer Training — NTI Sep 2025
Front End Development Training — ITI Sep 2025

Projects

University Dashboard Aug 2025
